

# Branding Your Local Dataverse

Dataverse provides configurable options for easy-to-add (and maintain) custom branding for your Dataverse installation. Sample HTML and CSS files are provided in the you can edit as you see fit.

You can add a custom welcome/homepage as well as other custom content, to further brand your installation and make it your own. Here are the custom branding and content options you can add:

- Custom homepage
- Logo image on the navbar
- Header
- Footer
- CSS stylesheet

Dataverse allows you to use a custom homepage or welcome page in place of the default root dataverse page. This allows for complete control over the look and feel of your installation's homepage.

Used bootstrap and javascript for button actions. See next page "Homepage Contents"

**New Title: Replication Data for: New Data**

May 2, 2018

Lake, Sherry; Lake, Douglas, 2018, "New Title: Replication Data for: New Data", doi:10.5072/FK2/2AAT2G, UVA's Scholarly Research Dataverse, V1

just o'bunch o'words

**New One - Adding Title Part: Verifying DataCite DOI Works**

Apr 18, 2018 - Department of Chemistry

Lake, Sherry, 2018, "New One - Adding Title Part: Verifying DataCite DOI Works", doi:10.5072/FK2/GYBATT, UVA's Scholarly Research Dataverse, V1

If your department administrator made the changes yesterday, we may have to do some investigation to see why the title remains the same. If the correction was made today, let's wait until tomorrow morning to see if the new title appears after Libra & SIS update overnight.

**Software Preservation**

Apr 10, 2018 - Department of Computer Science

Lake, Sherry, 2018, "Software Preservation", doi:10.5072/FK2/A9A3RW, UVA's Scholarly Research Dataverse, V1

Keep programs and their environments

Apr 5, 2018 - Department of Astronomy

Lake, Sherry, 2018, "Replication Data for: Testing", doi:10.5072/FK2/B0ELNV, UVA's Scholarly Research Dataverse, V1

Dvdev was down and not working.

**Replication Data for: Testing DOIs**

Mar 28, 2018 - Department of Economics

Lake, Sherry, 2018, "Replication Data for: Testing DOIs", doi:10.5072/FK2/YVUM0C, UVA's Scholarly Research Dataverse, V1

DOIs are now directly being minted from DataCite, not EZID. This is using our test username/password w/ test prefix.
